How many Watts Does a 12 volt inverter have?

1200VA/720W 12v Inverter with built in battery charger and automatic switch between mains and backup modes. Modified Sine Wave. 2400VA / 1440W 24v Inverter with built in battery charger and automatic switch between mains and backup modes.

What makes the MS series inverter/charger a good choice?

The MS Series Inverter/Charger is powerful, easy-to-use, and best of all, cost effective. Battery Profile Presets: Using the ME-RC, ME-ARC, or ME-MR Remote Controls, easily choose from and set standard battery profiles, including Lithium Iron Phosphate (LFP) - only available via the ME-RC and ME-MR, Gel, Flooded, AGM1, and AGM2.

How does an inverter/charger work?

There are two modes of operation associated with an inverter/charger: Direct current (DC) from the vehicle's batteries is transformed into alternating current (AC) for use with you household electrical appliances. Alternating current (AC) is taken directly from shore power (or other AC sources) and passed directly to your household appliances .

MS2812 Inverter/charger, MFG# MS2812-L-U, 2800 Watt true sinewave output, 12V/125 Amp Charger, hardwired A/C connections with transfer relay, LED power indicator, optional remote. ...

Magnum Energy MS2812 2800 Watt DC to AC Pure Sine Wave Power Inverter comes with a 125A five stage battery charger and free shipping!

EcoDirect sells Magnum Inverters at the lowest cost. Order Online or Call Us! 888-899-3509
