Summary: In July 2025 the estimated cost to Restore Power starts at \$236 - \$286 per service.

How much does it cost to install an outdoor outlet?

Electricians charge \$50 to \$130 per hour for labor to install an outdoor outlet. Labor costs increase for difficult-to-access locations or if the electrician must run new wiring from the main electrical panel to the outlet's location. The following factors affect the cost for an electrician to install an outdoor outlet:

How much does it cost to replace an electrical outlet?

The cost to replace an outdoor outlet is \$100 to \$175. Replacing an outlet takes only 10 to 15 minutes, but most electricians charge one-hour minimum rate plus a \$75 to \$125 trip fee. In comparison, indoor outlet replacement costs \$80 to \$200, depending on the type, voltage, amperage, and the distance from the home's main electrical panel.

How long does it take to install an outdoor outlet?

Installing an outdoor outlet takes 1 to 4 hours on average, depending on if the electrician can tap in interior outlet on the opposite wall or instead must run new conduit inside the walls or along the home's exterior to connect the new outlet box to the main electrical panel. Are outdoor outlets waterproof and safe in rain?

How much does an outdoor GFCI outlet cost?

An outdoor GFCI outlet costs \$15 to \$30 on average for the unit alone, not including a weatherproof enclosure or the installation labor. A weatherproof cover adds \$5 to \$10 and is required by National Electric Code (NEC). Electricians charge \$50 to \$130 per hour for labor to install an outdoor outlet.

How much does it cost to install a generator?

The manufacturer's data plate and the main circuit breaker will give the max amps of the main electrical panel. The average cost to install a home generator is \$6,000 to \$11,000, including the generator. A Generac home back-up generator starts at \$2,000, and professional installation ranges from \$3,000 to \$5,000.

How much does it cost to rewire a house?

A 1,200-square-foot home will have about 284 linear feet in its walls, costing \$2,200 to rewire, or from \$2,500 to \$6,000 to rewire a basic 3-bedroom house. Add in permit costs for larger jobs and the likelihood of having to replace almost every part of an older wiring electrical system to bring it up to code, if you're doing a service upgrade.
