What is the largest energy storage procurement in Canada?

This represented the largest energy storage procurement ever in Canada. A report was tabled at the NovemAgricultural and Rural Affairs Committee on four proposed BESS projects within Ottawa, one of which project received Council support, known as a Municipal Support Resolution (MSR).

What is battery energy storage systems (Bess)?

Battery Energy Storage Systems (BESS) - Frequently Asked Questions (FAQ's) What are Battery Energy Storage Systems (BESS)? Battery Energy Storage Systems (BESS) are energy retention systems that store and then discharge electricity back into the electricity grid when supply is low or when energy is most expensive.

What is a battery energy storage system?

Battery Energy Storage Systems support the integration of flexible generation resources and provide intelligent resilience to the regional electricity grid. Ottawa BESS 2 will further support the electrification of transport and the environmental sustainability goals laid out by the plans from the City of Ottawa.

Will IESO increase energy supply & storage capacity in 2025?

As a result, IESO has identified the need to increase energy supply and storage capacity significantly, starting in 2025 through the latter part of the decade. In October 2023, the IESO put out a call for proposals for transmission scale BESS facilities.

When will Fitzroy battery energy storage systems be in commercial operation?

The two projects that were awarded are expected to be in commercial operation for mid-2027. Fitzroy Battery Energy Storage Systems is a 250 MW battery storage project with 1,000 MWh of energy storage, located in the City of Ottawa, Ontario.

What is Trail Road battery energy storage systems?

Trail Road Battery Energy Storage Systems is a 150 MW battery storage project with 600 MWh of energy storage, located in the City of Ottawa, Ontario. Evolgen has partnered with AOPFN to develop, own and operate both the Fitzroy and Trail Road BESS projects.

In 2025, the City of Ottawa established official plan and zoning provisions for battery energy storage uses in accordance with new Official ...
