Who is Ottawa solar power?

Since 1996, Ottawa Solar Power has been a leader in renewable energy for the National Capital Region, with over 1,000 installations spanning residential homes, businesses, and off-grid projects. As Eastern Ontario and Western Quebec's most experienced solar provider, we deliver reliable, tailored, and sustainable energy solutions for every need.

Who are the best solar installers in Ottawa?

Choose long-lasting performance when you partner with mySolar, one of the top solar installers in Ottawa that's changing the way we power our homes. Solar panel installation in Ottawa doesn't have to ruin your home's aesthetics. Our products have a premium and striking design, with sleek triple black panels and frames.

How much does a solar system cost in Ottawa?

This approach is ideal for homes in Ottawa. Here is a table showing the estimated cost of a residential solar system by the system's size: On average, a 5-kW solar panel system costs around \$19,400, and a 10-kW system may cost about \$38,800, emphasising the need to consult with a reputable solar company to maximise your home's solar potential.

Where should solar panels be installed in Ottawa?

For optimal performance, it's best to install solar panels on a south-facing surface. This surface should also be free from any shade. This approach is ideal for homes in Ottawa. Here is a table showing the estimated cost of a residential solar system by the system's size:

Can solar panels save you money in Ottawa?

The savings you can achieve with solar panels in Ottawa vary based on your solar system's size and the sunlight your home receives. With Ottawa's average of 4.6 hours of sunlight per day, many residents notice a significant reduction in their energy bills.

How much energy does a 5kwh solar panel produce in Ottawa?

The average 5kwh solar panel installation in Ottawa can produce over 5000kWh per year, and the average household consumes about 8000 kWh of electricity per year. This results in an annual savings of close to \$1000. For best results, a souther-facing surface without any shade is the best place to install solar panels in Ottawa houses.
