What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) is a device that keeps your computer running for a short period of time even after the primary power source is lost. It also provides protection from power surges. However, UPS isn't only restricted to computers, it can also be used with other devices like your TV set.

Which is the best ups in Nigeria?

These include the likes of the Mercury UPS range which is widely used in Nigeria and known for its stable performance. Also, there is the Bluegate UPS range which can be trusted when it comes to uninterrupted power supply whether you are at home or in the office. Other brands include the popular Binatone, Maxtron, Vectronic and the Mercury Elite.

Why should you use uninterruptable power supplies?

Uninterruptable Power Supplies for 24/7/365 running of ATM's and SERVERS Protecting Critical equipment and control systems from surges and Voltage Fluctuation. When excellent customer service and experience is essential to your reputation, downtime is not an option.

What is a ups & how does it work?

A UPS differs from an auxiliary or emergency power system or standby generator in that it will provide near-instantaneous protection from input power interruptions, by supplying energy stored in batteries, supercapacitors, or flywheels.

What is a ups power supply & how does it work?

Our UPS power supply provides protection from power surges, load shedding and unpredictable weather conditions. Uninterruptible Power Supply (UPS) ensures its internal battery gets constantly charged from the main electrical grid supply and delivers a steady, consistent electricity flow to any equipment or appliance plugged into it.

Which ups are best for home use?

Also, there is the Bluegate UPS range which can be trusted when it comes to uninterrupted power supply whether you are at home or in the office. Other brands include the popular Binatone, Maxtron, Vectronic and the Mercury Elite. Blue Gate is an alternative power and consumer electronics brand.
