What type of power plug is used in Uzbekistan?

In Uzbekistan, power plugs and sockets (outlets) of type C and type F are used. The standard voltage is 220 V at a frequency of 50 Hz. For more information, select the country you live in at the top of this page. We don't sell power plug adapters. We refer you to Amazon, where you will find a great selection of travel adapters.

Do I need a power adapter in Uzbekistan?

The standard voltage in Uzbekistan is 220V, and the frequency is 50Hz. Devices from countries with different voltage standards, like the United States (120V), may require a voltage converter in addition to a plug adapter. Do You Need a Power Adapter in Uzbekistan? Whether you'll need a power adapter depends on the type of plug your devices use.

What type of power socket is used in Uzbekistan?

The power sockets in Uzbekistan are of type C and F. The standard voltage is 220 V at a frequency of 50 Hz. Check your need for a power plug (travel) adapter in Uzbekistan.

What type of electrical outlet does Uzbekistan use?

Uzbekistan primarily uses Type C and Type F electrical outlets. These types are common in many European and Asian countries. Also known as the standard "Euro" plug, Type C outlets have two round pins. Also known as "Schuko," Type F outlets have two round pins with two earth clips on the side.

Can I use a European plug in Uzbekistan?

These plug types are common in many European countries, so if you have a device with a European plug, you should be able to use it in Uzbekistan. If you are traveling to Uzbekistan with a device that uses a different plug type, you will need to bring a travel adapter. You can purchase travel adapters at most electronics stores or online.

What voltage does Uzbekistan use?

Uzbekistan uses outlet types C, F at a voltage of 220V and a frequency of 50 Hz. Plug Compatibility: Type C, Type F Voltage: 220V Frequency: 50 Hz Can North Americans use Electronics in Uzbekistan without an Adapter? No! North Americans will need an adapter for the outlets and a transformer for the voltage when traveling to Uzbekistan.
